Infrastruktur und Digitalisierung

European Platform of
Transport Sciences

Ladies and Gentlemen,

The German Association of Transport Sciences, branch Mecklenburg-Vorpommern (DVWG MV e.V.) is proud to host and invite you to the 18. European Transport Congress (ETC) to Rostock-Warnemünde. With this years ETC we continue the tradition of the Baltic Transport Forum in its 17th edition. Since 2003 many topics, challenges and solutions of all modes of transport are discussed on a neutral platform. Beside the conference on 13th october 2020 we have organised an attractive technical side-program.

Innovative transport systems are addressed in this years congress, with special focus on transfer options for rural areas. We have invited many high-ranked top speakers from all over Europe to beautiful Mecklenburg-Vorpommern to present their recent themes, innovations and thoughts. All presentations will be held in English or German, with simultaneous translations provided for the other language. A live-stream will be available also.

We kindly invite you to get informed by numerous scientists, practioners and politicians with their presentations and speeches. Discuss with them your comments and ideas! Exchange yourself with international experts in transportation and mobility and extend your professional network. Be present there, we are happy to welcome you to Rostock-Warnemünde!

With best regards

Prof. Dr. Sönke Reise, Chairman DVWG MV e.V.

Prof. Dr. Jan Ninnemann, President DVWG e.V.

Sebastian Belz, Secretary General EPTS Foundation e.V.
